

A wide-angle photograph of a mountainous landscape covered in snow. The sky is filled with heavy, grey clouds, with some blue patches visible. The mountains are rugged and partially covered in snow, with some brownish vegetation visible in the lower slopes. The overall scene is desolate and wintry.

Wales 2017

(She is going to be dripping)

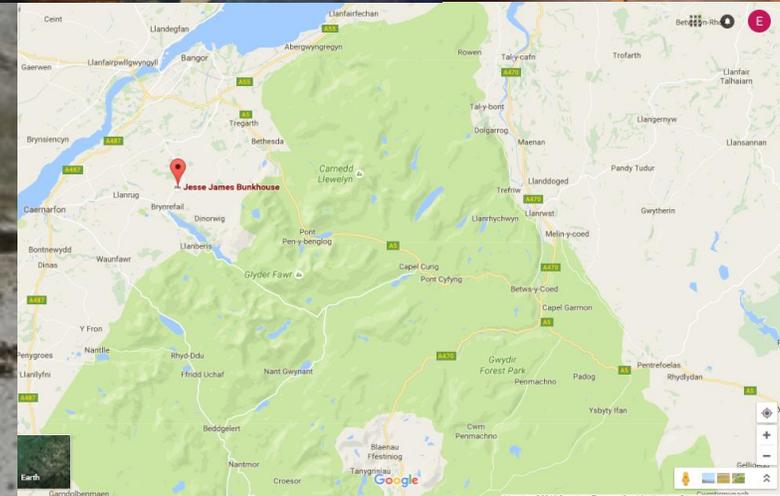

Important Dates

- Event dates 14th to 22nd
- Deposit last Thursday (but sure look)

Where we are staying

- Jessie James Bunk house
- Points about Jessie
